MEMORANDUM

To: All State Agencies, The Court System, The Legislative Counsel Bureau,
The University & Community College System and All Political
Subdivisions

From: William C. Moell, Administrator

Subject: Price List for Photographic Contract #6442

Attached are the prices for the photographic contract for the period effective DATE OF AWARD and expiring February 28, 2002.

Please note that price adjustments are allowed during the term of this contract and vendors are allowed to increase or decrease unit prices by the same amount as passed on to them from the manufacturer. Agencies will not be advised of changes as they occur but may call at any time to verify prices.

Also, we have guaranteed vendors a minimum order of \$50.00, so please keep this in mind when placing orders. Other minimum order requirements are noted in the item descriptions for factory special order items.

To assist you in combining items to meet minimum order requirements, the name of the vendor is given before each schedule.

Delivery time runs from 7-30 days after vendor receives our purchase order, unless otherwise noted.

PLEASE – KEEP TRACK OF STOCK ON HAND AND PLACE ORDERS WELL IN ADVANCE OF ANTICIPATED NEED.

SPECIAL NOTE: It is specifically stated on the bid that vendors are **NOT** to furnish inferior “gray market” film and supplies (products produced for Kodak or Polaroid in other countries and sold here). Please check cartons and boxes closely for acceptable expiration dates and for any marking that would indicate product was produced in a foreign country. Please notify this office at once if products received appear “suspicious” in any way.

Thank you.
